

Data Submission Timeline for PSEO Partners

June 27, 2024

Data submission deadline – February 28

Data submission covers the prior year ending June 30th. IPEDS Completions and 12-month Enrollments for school year Y0-Y1 are due in the fall (typically October) of Y1.

This date provides ample time for Census to conduct our reviews and (if necessary) ask for re-submissions without missing the desired release date (new earnings years are available in Q4)

The PSEO team will email all data providers in early January to remind them of the February 28 deadline.

Data providers may submit their data after the deadline, but the processing of their data will be prioritized behind providers that submitted their data on time.

Data submission frequency - Annual

An annual submission deadline makes PSEO a routine part of the provider’s data reporting requirements. Furthermore, given the lag between the year of data it is necessary to send data annually.

Submission Calendar

Submission date	Date Range for Data	Expected release (Q4)
February 28, 2025	July 1, 2023 – June 30, 2024	3yr cohort: 2026, 5yr cohort: 2027
February 28, 2026	July 1, 2024 – June 30, 2025	3yr cohort: 2026, 5yr cohort: 2027
February 28, 2027	July 1, 2025 – June 30, 2026	3yr cohort: 2030, 5yr cohort: 2027
February 28, 2028	July 1, 2026 – June 30, 2027	3yr cohort: 2030, 5yr cohort: 2033
February 28, 2029	July 1, 2027 – June 30, 2028	3yr cohort: 2030, 5yr cohort: 2033

Data Submission Steps

On the [PSEO Partnership website](#), there is a Managed File Transfer (MFT) User’s Guide, which provides instructions about how to create an account and submit data through our MFT protocol.

We ask that before submitting data to Census, you verify that your degree levels, CIP codes, and OPEIDs all are in-scope; we provide a CSV file of valid values for each of these variables.

Data Release Schedule

Q2: Only occurs if we have new institutions.

Q4: Updated data for existing institutions.
