Attachment to Data Notice #5 for OnTheMap Version 6.1.2 (6/6/2013)

A rounding error was identified in a number of census blocks in the OnTheMap application. When included as part a Work area in a Destination analysis, these blocks returned incorrect totals (always an undercount). The source of this problem was a rounding error that occurred during the loading the database that supports OnTheMap. Raw LODES data files were ***not*** affected by this issue.

A complete list of these blocks (with additional geographic reference information) is shown below along with the data years in which they were affected.

These rounding errors were corrected on 7/9/2013. Users are advised to rerun any Destination analysis generated prior July 9 and involving one of the blocks identified in the attachment listed above. Users with specific questions about individual blocks or queries in OnTheMap should send an email to CES.OnTheMap.Feedback@census.gov.

2010 Block ID	State	County	Tract	Block	Years Affected
020160002002009	Alaska	Aleutians West	2	2009	2010-2011
